FEATURES

Specifications

Maximum Travel Speed: 5.5 Km/h

Engine: Komatsu

Maximum Digging Depth: 6620mm

Color: Original

Highlight:

**Komatsu Pc210 Used Construction Equipment,
Second Hand Excavator Komatsu Pc210**

Bucket: Backhoe

Bucket Capacity: 0.9m³

Applicable Industries: Machinery Repair Shops

Working Weight: 20630kg

PRODUCT DESCRIPTION

Used Komatsu Crawler Excavator Digger: Key Specifications

The Used Komatsu Crawler Excavator Digger is a top - notch construction machinery option. Weighing 20.63 tons (20630 KG), it provides a stable foundation for heavy - duty work. Its 0.9m³ bucket capacity, powered by a 110KW Komatsu SAA4D107E - 1 engine, offers reliable performance for diverse tasks. It features original hydraulic cylinder, pump, and valve brands, along with core components. With a walking speed of 3.0/4.1/5.5km/h, a maximum digging radius of 9875mm, a maximum digging depth of 6620mm, a maximum digging height of 10000mm, a maximum unloading height of 7110mm, and a maximum vertical excavation depth of 5980mm, it can handle various construction needs. It comes complete with a machinery test report and video outgoing - inspection, ensuring transparency and quality.

Project	Komatsu Pc210
Working weight	20630kg
Power	110kw/2000rpm
Bucket capacity	0.9m³
Maximum walking speed	3.0/4.1/5.5km/h
Overall length	9425mm
Overall width	3000mm
Overall height	3040mm
Maximum digging radius	9875mm
Maximum digging depth	6620mm
Maximum digging height	10000mm
Maximum unloading height	7110mm
Maximum vertical excavation depth	5980mm
Maximum excavation radius at ground level	9700mm
Engine Name	Komatsu SAA4D107E-1
Engine displacement	6.69L

Enhanced Efficiency for Optimal Productivity
This used Komatsu excavator digger offers enhanced efficiency. Its state - of - the - art Komatsu engine achieves up to 15% savings in fuel consumption while maintaining peak power output. The refined hydraulic system provides improved control, enabling operators to execute complex maneuvers with ease and speed. Whether it's digging foundations or moving soil, this efficiency boost translates to faster project completion and increased productivity on the job site.

Extreme Durability for Challenging Environments
Built to last, the excavator features reinforced steel tracks and heavy - gauge booms. This rugged construction allows it to operate seamlessly in the most challenging environments, from rocky mountain quarries to flood - prone areas. Its ability to withstand harsh conditions ensures long - term reliability, reducing the need for frequent repairs and minimizing downtime, which is crucial for any construction project.

Smart Monitoring for Hassle - Free Operation
Equipped with intelligent diagnostic tools, the excavator can detect anomalies in real - time. The smart monitoring system alerts operators to potential problems, facilitating timely interventions. This proactive approach prevents costly breakdowns and simplifies maintenance, allowing for hassle - free operation. It ensures that the excavator remains in optimal condition, maximizing its lifespan and performance.

Diverse Applications in Construction and Mining
In construction, this Komatsu excavator is a versatile workhorse. It's ideal for digging foundations, trenches, and basements, as well as land leveling and site preparation. In road construction, it efficiently excavates for roadbeds, clears obstacles, and moves soil. For mining operations, especially in small - to - medium - sized mines, it can handle the loading and transporting of ores. In urban infrastructure projects, it plays a vital role in tasks like digging trenches for pipelines and maintaining public facilities.

- Support and Services**
- **Troubleshooting and diagnosis:** Handle any technical issues with professional diagnosis and solutions.
 - **Repair and maintenance:** Provide regular and on - demand services to ensure your excavator runs smoothly.
 - **Parts and component replacement:** Replace damaged or worn - out parts promptly with high - quality components.
 - **Equipment inspections and evaluations:** Conduct thorough inspections to accurately assess the condition of your excavator.

FAQ

- Q1: How do you ensure the performance of used excavators?**
A:Our experienced team conducts thorough inspections and performance tests on each used excavator to ensure it meets our high - performance standards.
- Q2: What's the delivery time?**
A:Delivery is within 7-12 working days after receiving the advance payment. We prioritize quick delivery to support your project timelines.
- Q3: Can the price be negotiated for large orders?**
A:Yes,we are open to price negotiations for large orders.The more you order,the more favorable the pricing we can offer based on your specific requirements.
